Hand -drawn painting by Lee Jae Hyung was printed with digital printing technology and made into fabrics.

She studied painting at Ecole de Bosar (Royal Art School) in Paris. She graduated with excellent grades.

After that he has been active as a textile designer for many years.

Printing is ordered from a major bedding manufacturer print factory, and the ink and fabric are used for body -friendly, so please use it with confidence.

※Sales and resale on the flea market site auction site are prohibited.
